

# CRYSTAL CLEAR WARRANTY

## Gold

**Crystal Clear Warranty Gold** covers the cost of repairing or replacing any of the parts of your vehicle that are listed below and that have failed as a result of a sudden or unexpected mechanical or electrical fault.

### Braking system

Brake master cylinder, calipers, wheel cylinders, brake bias and restriction valve, vacuum servo, brake vacuum pump, ABS wheel sensors, ABS pump and ABS module.

### Clutch

Clutch, master cylinder, slave cylinder and clutch fork. (Please remember that any part of the clutch that needs replacing due to wear and tear is not covered.)

### Cooling system

Radiator, oil cooler, heater matrix, thermostat, thermostat housing, water pump, viscous fan coupling, radiator cooling fan and engine-temperature sensor.

### Electrical system

Alternator, starter motor, ignition coil, relays, electronic ignition module and distributor, cooling-fan motor, temperature sensors, oil-pressure sensors, fuel-tank sender unit, electric-window motors and switches, central-locking systems (not including wiring), wiper motors and switches, washer motor and pumps, headlight motors, multi-switches, instruments, brake-light switch, reversing-light switch,

clutch switch, heater-fan resistor, heater-blower motor, horn, ECUs and airbag system (not including wiring).

### Engine management

Knock sensor, MAP sensor, airflow meter and sensor, camshaft sensor, crankshaft sensor, oxygen sensor and TDC sensor.

### Engine

Cylinder block, cylinder head, cylinder-head gasket, cylinder bores, oil pump, crankshaft, crankshaft bearings, connecting rods, big-end bearings, small-end bearings, gudgeon pins, pistons, piston rings, camshaft and camshaft followers, camshaft bearings, rocker assembly, push rods, hydraulic lifters, inlet and exhaust valves, valve springs, valve guides, inlet and exhaust manifolds, timing gears, timing chains, timing belts, tensioners, flywheel, auto-drive plate and starter ring gear. (Please note that oil seals are not covered.)

### Final drive

Differential assembly, driveshafts including CV joints, prop shafts, universal joints and couplings, driveshaft bearings, wheel bearings and hubs.

### Fuel system

Injectors, fuel pumps, fuel pressure regulator, auxiliary air valve, idle-speed control valve, stepper motor, EGR valve and throttle body.

### Steering

Steering rack and pinion, steering box, steering column, power-steering motor and power-steering pump.

### Suspension

Coil springs, ball joints (not including any on anti-roll bar links), shock absorbers, air springs, suspension compressor and pump.

### Transmission

All parts within the transmission casings and transfer box. Not including seals and gaskets.

*“The Gold standard. Comprehensive mechanical and electrical cover for your customers.”*
